## Recommendations:

Kyle worked for me at Virtualtech Website Design and Marketing, the business has since been sold to Northern Computer Services. Kyle designed, built and updated websites for a variety of different businesses and industry. He always has a positive and 'can do' attitude. He works to find solutions and gets projects done in a timely matter. If you are looking for a fresh set up eyes for your online marketing, I would suggest you talk with Kyle. - Tammy Day

I've known Kyle for roughly a decade and have always been impressed with his work ethic and skill set along with his humor to help lighten the mood when needed. Kyle brings a professionalism and determination of "get it done at all costs" which is refreshing to see. His passion for learning and leadership is something to be admired as well. He blends great with any group and can offer critical thinking tips for any situation. I'm blessed and honored to know Kyle and to have worked with him closely for many years outside of Cineviz. I know Kyle will succeed in any venture he pursues because of his work ethic, personality and go-getter attitude! - John Feldhouse

Kyle was an imaginative counselor, he would make up activities to keep the kids engaged. Kyle was very tech-savvy and showed up each day well prepared. He was dependable and very good with the campers. - Adam Howell

Kyle is an excellent asset to our QA team. He has become an essential part of our team, giving feedback that directly relates to the playability and look and feel of the games we tested. Kyle also takes the extra time and gives the extra effort to find tough bugs that were hard to find. In his free time, Kyle spent time harnessing his skills as an artist to provide feedback on game art. Kyle would make an excellent addition to a QA department or any other department. - Miles Oberstadt

Thank you,
